

SAVE HOMERUS!

Homerus Swallowtail & Cockpit Country Conservation Project (HSCCCP-JAMAICA)

You can make a real difference and help us saving one of the most astonishing butterflies on this planet. As administrative costs are taken care of by the Papiliorama Swiss Tropical Gardens in Switzerland, no overheads need to be deducted from your donation. Your contribution will be fully invested in Jamaica, for the protection of Homerus and its habitat !

Once you have made your donation, you will be registered as a "Friend of Homerus". Donations of USD 100.- or more will be acknowledged by a personalized certificate. All friends will be kept informed on the project through an e-newsletter. IABES shall in no case share your email address with any other person or organization and will keep your data strictly confidential.

Many thanks in advance for your support !
